Faculty of informatics & Design, Department of Information Technology: SUMMARY OF WIL EXPERIENCE				

Week	FROM:	24 May	TO	28 May

Mon	On Monday, the 24th may 2021 I did some personal research on how to build mobile application using react native. And I starter to take some tutorial on LinkedIn about react native.
Tues	On Tuesday, the 25th of may 2021 Meeting with the team member talking about how to implement and to draw the ERD (Entity Relation Diagram) diagram of the mobile application in project 3.
Wed	On Wednesday, the 26th of may 2021 I discussed about the Erd diagram that was proposed by lunga and making some change on the Erd.
Thurs	On Thursday, the 27th of may 2021 Finalization and agree on the final ERD
Fri	On Friday, the 28 of may 2021 me and my team member finalized with the Erd diagram, and we started a discussion about how to apply into a real database also curry on learning how to build app using react native.

Faculty of informatics & Design, Department of Information Technology: SUMMARY OF WIL EXPERIENCE						

Week	FROM :	31 May		TO	4 June	

Mon	On Monday the 31st of May 2021 me and my group members Review on the finalized Erd diagram, and we started a discussion about how to apply into a real database also curry on learning how to build app using react native.
Tues	On Tuesday, the 01st of June I learned how to sept up application using. MS Visual Studio Code, and then I also install node JS JavaScript runtime and npm Node js package manager. Nodejs comes with npm so installing it covers both tools.
Wed	On Wednesday, the 02nd of June me and my group member decided that We will be using the create-react-app generator for this project. It is the best way to start building a new React single page application. It sets up your development environment so that you can use the latest JavaScript features, provides a nice developer experience and optimizes your app for production.
Thurs	On Thursday the 3rd of June 2021 I learned how to run react native application using emulator for android studio for android application and apple using Expo Go for iOS application.
Fri	On Friday, the 04th of June 2021 I learned how to run the first hello word application using hello word on both emulator android and iOS.

Self-Evaluation	Requires Improvement	Inconsistent	Marginal	Competent	Excellent	Comments from Student
	1	2	3	4	5	
Communication Skill					x	Marco Mulonday Tshimanga 219049505
Problem Solving Skills				x		I'm trying to understand how this technology is being applied and it is quite different from what I have learned in school.
Decision Making Skills			x			
Teamwork Skills					x

	Faculty of informatics & Design, Department of Information Technology: SUMMARY OF WIL EXPERIENCE						
Week	**FROM :**		**7 June**		**TO**		**11 June**

Week	
Mon	On Monday, the 07 of June 2021 we had a Meeting with my team member about some update on the project and after that I continue studying on react native and I learned to insert image How to use style using CSS (Cascading Style Sheets)
Tues	On Tuesday, the 08th of June 2021 I leaned about react native component how to generate it manually and how to generate it automatically (using cli command)
Wed	On Wednesday, the 09th of June 2021 I learned about how to create reactive native function and how to use an ES6 class to define a component
Thurs	On Thursday, the 10th of June 2021 I did some practical exercise to see how I can combine everything that I have learned so fare on react and how to implement it by myself within a project that I start from scratch
Fri	On Friday the 11th I did more some practical exercise to have a clear understanding of how I can combine everything that I have learned so fare on react and how to implement it by myself within a project that I can stars for scratch

Self-Evaluation	**Requires Improvement**	**Inconsistent**	**Marginal**	**Competent**	**Excellent**	**Comments from Student**
	1	**2**	**3**	**4**	**5**	
Communication Skill				x		Marco Mulonday Tshimanga 219049505
Problem Solving Skills				x		in this week I am getting used to all the new tools that I have been
Decision Making Skills				x		learning in the previous weeks
Teamwork Skills					x	
Technical Skills					x	Signature
